

FIRE DESTROYS \$30,000 HOTEL

Buena Vista, at Asbury Park, Owned by New York Firm, in Ashes—Loss Partly Covered by Insurance.

Fire last night destroyed the handsome Hotel Buena Vista at Asbury Park. The structure was burned to the ground. The loss, partly covered by insurance, is estimated at \$30,000. The property was owned by Coates & Wadell, of this city.

The work of preparing the hotel for its opening next week was under way and the men employed are at a loss to account for the blaze. Several times in the course of the flames the summer home of the late Robert Cochrane, of Philadelphia, which is opposite the hotel, caught fire from sparks, but was saved.

STARTED FIRE WITH OIL; DYING

Young Woman Leaves the Kerosene Can on Kitchen Stove and is Fatally Injured in the Explosion.

After starting the kitchen fire with kerosene, Clara Howard, twenty years old, a domestic in the home of John Wenzel, of Hudson street, Hoboken, left the kerosene can on the back of the stove. A half hour later the oil exploded, setting the young woman's clothes afire. Screaming with fright and pain, she rushed into the back yard, where John Wenzel, the coachman, threw her coat about her, using his hands and body to smother the flames. After heroic efforts, during which he himself was burned, the man succeeded in extinguishing the fire, but not before the woman was terribly injured. Wenzel ran a block and called an ambulance, which carried Mrs. Howard to St. Mary's Hospital. She will probably die.

WIFE HUNTS FOR ISAAC ROSENBAUM, BETERMAN'S ROACH FOOD.

The disappearance of Isaac Rosenbaum from his home at No. 150 West Houston street, on the evening of May 1 last, was reported to the police to-day by his wife. Not the slightest trace has been found of him since the day he vanished.

The missing man is thirty years old, and the father of three children. He was a capmaker by trade. He was of exemplary habits and a model husband. He and his wife had never had a serious quarrel since their marriage, six years ago.

Distinctive Suits for Men At Twenty Dollars

A man organizes his business to produce a certain thing. The product can be no better than the organization.

The average clothing shop depends upon wholesale manufacturers for its suits. One makes those at twenty dollars—another provides those at thirty-five—each according to his organization. Their twenty dollar suits are tailored by twenty dollar tailors. You dare not expect much of them, else why would they be in that class? At that point our shop differs radically and vitally. Every tailor who spends his efforts in our shops has it within himself to tailor the garments which we present at forty dollars. The same craftsmen produce those at twenty. They know no distinction. They have but one guide—the Saks Standard.

Perhaps that will demonstrate to your reason why our suits at twenty dollars are invested with the character, the distinctiveness and the finer phases of the tailor's craft—why they are in the class with those for which most shops ask about one-third more. Ready for service, we present:

Two Straight Edge Single Breasted Sack Models
Three Round Edge Single Breasted Sack Models
Three Double Breasted Sack Models

Fashioned of serge, worsteds, chevrons, tweed and cassimere in the hundreds of the season's newest shades and patterns.

Worsted Trousers at \$4.00.

Tailored right and right shapely. The worsted is a through-and-through weave, summer weight, in ten distinctive striped designs. The models are conservative and semi-peg top. The price is exceptionally modest.

Worsted Suits for Young Men At Ten Dollars

They are distinctive suits because of this: the fabric is as good as ever finds itself in the suits for for which most shops ask fifteen dollars; so is the tailoring. The three models are new and abreast with the hour—the straight edge single breasted sack, the slightly rounded corner single breasted sack and the long, loose double breasted sack.

They are fashioned of high-grade worsted in the new gray tones and lined with mohair, serge or Venetian. Sizes 30 to 36. Fifth Floor.

Serge Suits for Young Men at \$12.50

The serge is a fine wale weave, finished soft. The blue is fast indigo dye. The models—there are two—are double-breasted, half lined with mohair or alpaca. The exacting Saks standard answers for the tailoring.

FOR FRIDAY AND SATURDAY.

\$1.50 Shirts for Men at \$1.00

Not because he is ashamed of it, but because it identifies a negligee shirt that is sold the whole town over at one dollar and fifty cents, did the maker sew our label over his brand. We'll stand back of it. The shirts are of excellent madras in black-and-white and colored stripes and designs or of woven cheviot in dark grounds with figures.

The models—plain and plaited bosom, coat and open front styles, with cuffs attached or detached, in sizes 13 to 18. There are also a limited number of white cheviot shirts, mat weave, in sizes 17 to 19, with 31 to 37 inch sleeves, and sizes 15 to 16, 34 to 37 inch sleeves, also at One Dollar.
